Ernst Partners with LendingQB to Bring First Fee Generator to LOS

The Facts

Ernst, the leading provider of technology and closing cost data for the real estate and home finance industries for the past 29 years, recently partnered with LendingQB to introduce the automatic Fee Generator engine to LendingQB's Loan Origination Software (LOS). The new integration will allow lenders to automatically generate fees for Title, Recording Transfers, Property Tax, and Inspections from hundreds of providers across the country with no extra clicks.

What Ernst Says about this

"We are very proud of the vendor partnerships we have developed over the past 27 years and this new partnership with LendingQB is no exception," said Gregory E. Teal, president and chief executive officer of Ernst Publishing. "Through this new relationship, LendingQB's users will have access to the technology and closing cost data that the nation's largest lenders rely on to originate compliant mortgages."

About Ernst

Ernst has been the leading authority on land recording requirements for nearly three decades. In fact, Ernst's recording fees, transfer taxes and title data have been integrated throughout the title and lending industries. Legal requirements have made accurate recording fees and taxes for recording documents more important than ever. Ernst excels at creating solutions for their clients to manage not just those fees—but also all vendor fees—with unparalleled precision. As a company, our goal is simple: Empower clients to not only meet CFPB's new compliance regulations for the Loan Estimate, but set the industry standard for client satisfaction, an attainable goal due to our patented technology, impeccable data standards, expertise at creating custom solutions, and network of partners. Ernst's patented solutions are trusted and used by 9 of the nation's top 10 mortgage servicers, all 5 of the top title underwriters and 9 out of 10 mortgage originators nationwide, including 9 of the 10 largest banks.
